“The Shadowing of Wings”

1 You do not know my mercy.

2 All who bear my name live in a field of Light. In the day I spit you out, at the hour I meet you in the meridian, youth graduates to elder. The closed letter *mem*—the womb of space and time—is opened and the soul enters the field of white.

3 Entering is a fluid movement with the seamless garment. The pulse of the Paradise circuit flows within the body of Light.

4 Ps. 61:4, ...*I will take refuge in the concealment of your wings. Selah.*¹

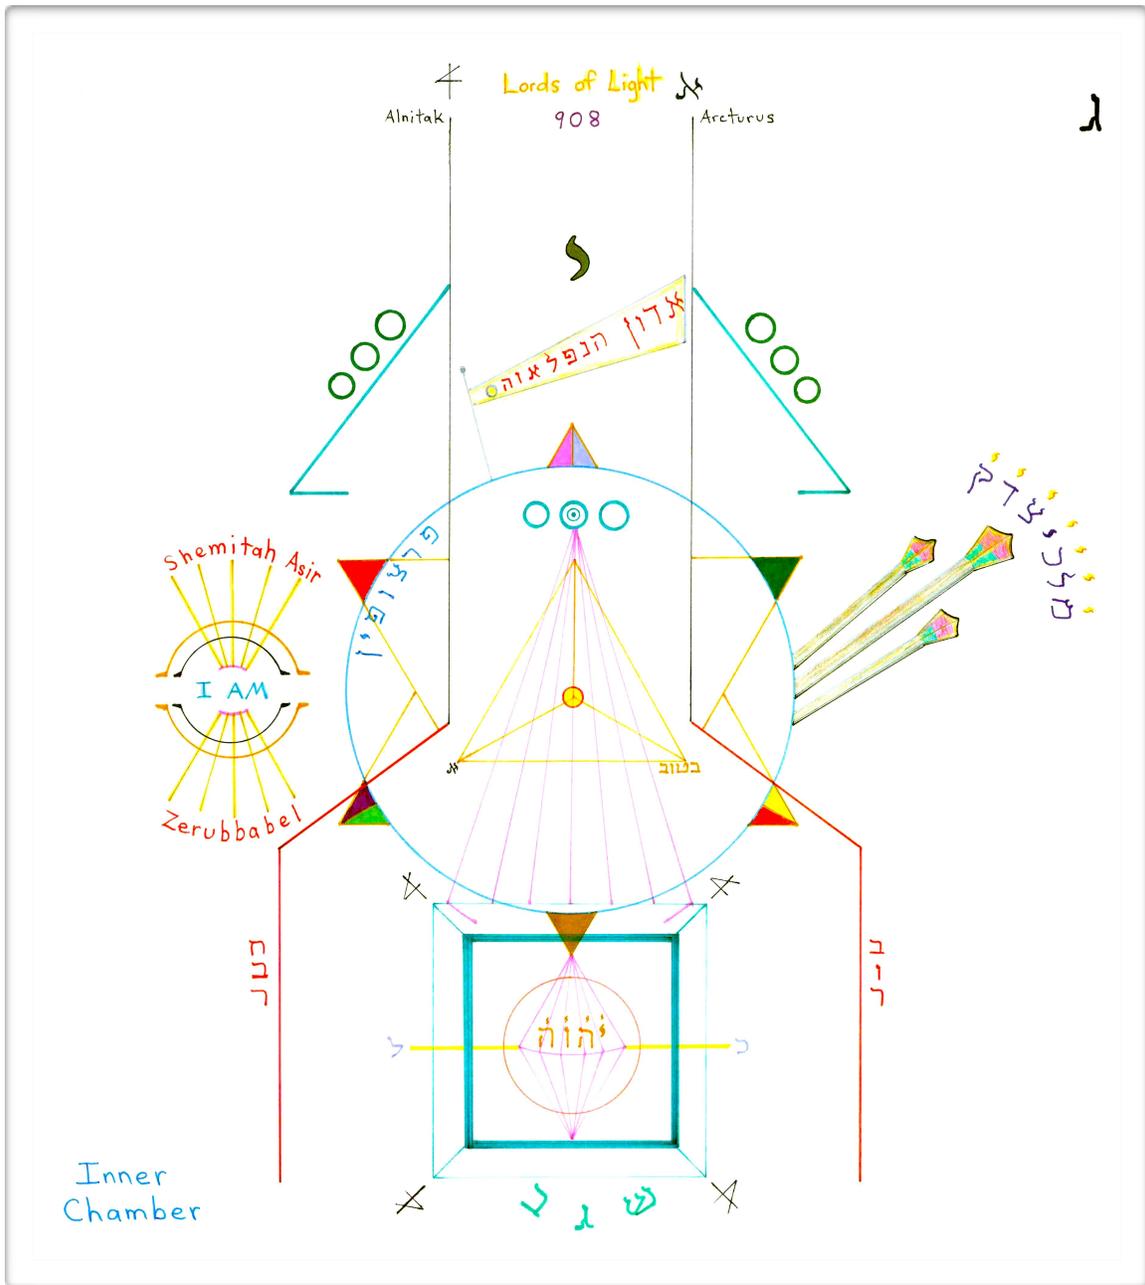

5 Sept. 24, 2016 marks the beginning of a supernal timeline forming a three-fold mystery of the Holy Chariot. The mystery provides attunement to higher event sequences in the reprogramming. It begins where it began, in ancient On.

6 Three solar-related cycles are coded in the base measures of the Great Pyramid, a [House of God](#). The cycles are unified by the architecture of the altar to YHWH which receives the *Capstone of Light*.

7 A concealed vector given at the return of the Capstone is the lunation cycle set in a golden ratio sequence and placed in conjunction with the three cycles.

8 The connection of the House of God to the administrative threshold of Alnitak is a key link in the expansion of celestial grid to earth grid. Perfect measure within Shekinah glory is a secret to the higher Priesthood administration. Know my Priesthood. Know me.
